PRODUCTIONS

We believe in the spirit of collaboration, ensuring that your needs and wants are always met – with a touch of our own passion for branding and design.

Our tight-knit team will work closely with you throughout the duration of the project.

What we do:

- Branding
- Logo design
- Print design (menus, flyers, brochures, etc.)
- Digital design (presentation, posts, etc.)
- Content creation
- Social media management
- Marketing consultancy

- Photography
- Videography
- Video editing
- Motion editing
- Web design
- ...and more!

branding

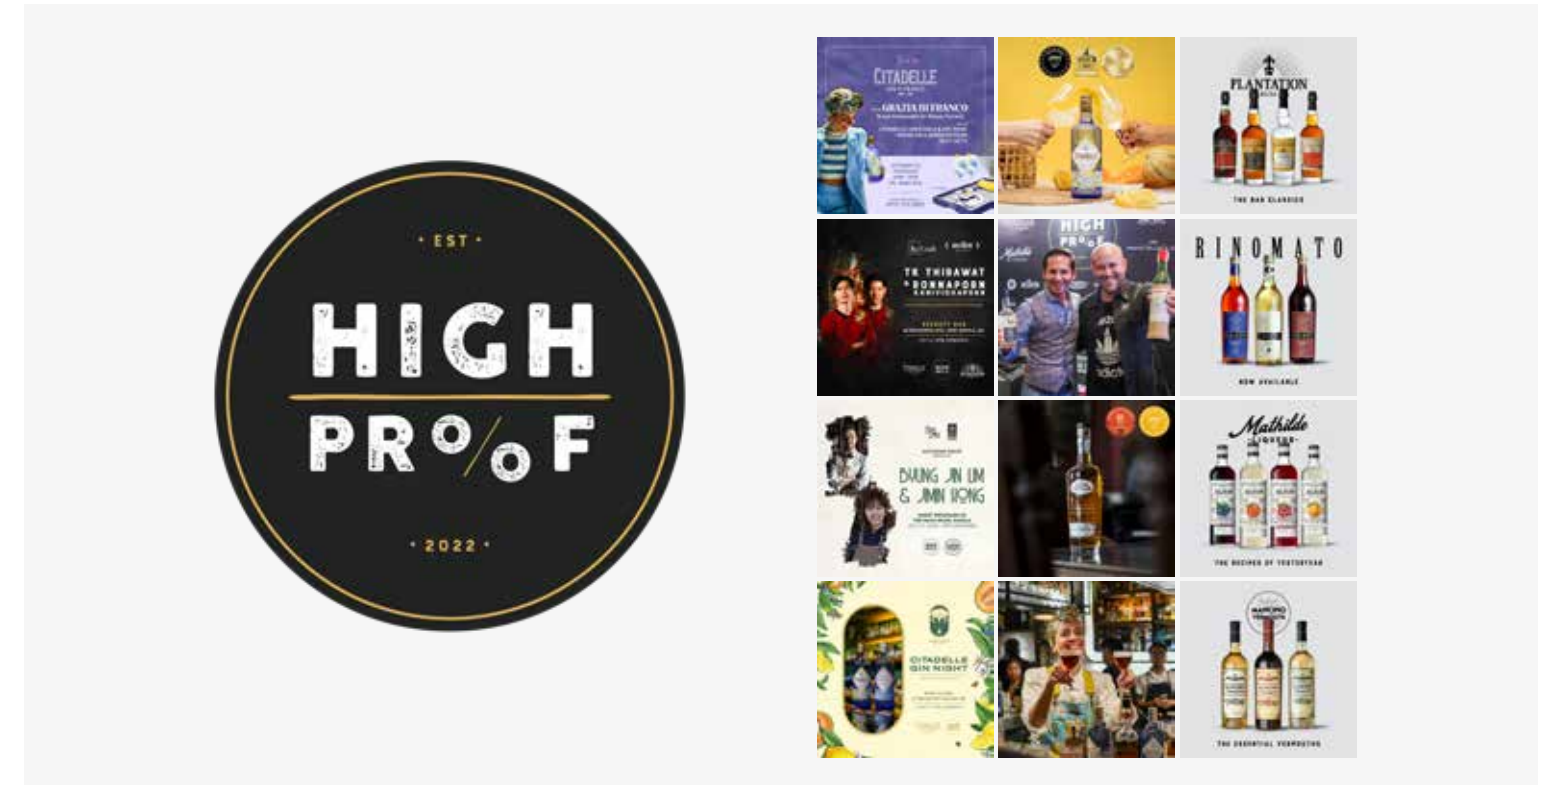

high proof

High Proof PH distributes unique craft spirits from all over the world to the Philippines. Working tight knit with the local bar community, they ensure that the industry stays lively by organizing exciting brand activations. On top of that, they help the industry grow and continue learning via masterclasses.

Another service they provide for businesses is bar and beverage consultancy to help brands develop their concepts.

We are currently the partner of High Proof PH for social media management and design consultancy for bars.

indus modern indian kitchen

Located in the vibrant Bonifacio Global City in the city of Taguig, indus is a Modern Indian Kitchen that specialises in tandoori cuisine and curries in a semi-formal dining setting.

We helped create the brand look, designed both online and offline materials, and continues to provide support for the brand's online assets.

casa pura inn & suites

Casa Pura Inn and Suites is a family-owned B&B in Quezon City has a modest 17-room inventory. They serve guests for lodging as well as for events. Recently, they opened their F&B, Cafe Pura. A business that has been around for 16 years, this B&B has proven the test of time providing guests a place that feels like home.

We created their website back in 2014. Together with their website, we took the photos of the property and made the initial set of marketing materials for the hotel. Recently we were tapped once again to develop the F&B arm of the company.

katipunan craft ales

Katipunan Craft Ales pioneered the craft beer revolution here in the Philippines. After 12 years of running the microbrewery at a smaller scale, the brand got in touch with us to refresh their brand presence, with the idea to retain the classic and recognizable appearance that the brand already had.

We helped refresh their logo, product packaging, and create a set of online and offline marketing collaterals for the brand to use.

branding • print & digital design
